Please scroll through the following pages to find the 2012 Division II District entry form for your grade group. Not all ages will have Div. II District (depending on grade level and number of teams). However, please be reminded that SAAU cannot mandate how many teams will play in Div. I or II events. Many teams asked for a Div. II District event since they did not want to compete against the "elite" teams for various reasons. Last year, SAAU tested a Div. II event in the 7th grade group and it did work well. SAAU is trying this concept on a larger scale in 2012 and hope it will benefit more teams.
